**2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode:**

- ✓ Evaluation is an integral part of teaching-learning process. The institutional internal evaluation system is decentralized in order to make it more transparent and objective. With regular interactions of IQAC and Heads of the department, examination committee plan and work out for reforms in evaluation system.
- ✓ The schedule of examination is prepared and displayed on the notice board, website and on the WhatsApp group of the classes. Special WhatsApp groups & email IDs were also prepared for online examination.
- ✓ According to the guidelines of University, The Principal appointed examination coordinator and Internal Exam. Committee, they monitors and conducts internal examinations in an online and offline mode. Question papers for all tests and assignment are based on course outcomes (COs). Question banks are provided to the students of each subject.
- ✓ Mock tests of Environment and General Knowledge were conducted before commencing of University examinations.
