**6.5.2 - Review of teaching learning process by IQAC**

- IQAC take initiatives for introduction of new and innovative techniques to improve the quality in the teaching-learning process. IQAC cheers and stimulates teachers to implement ICT tools in their teaching. so that students will relish their teaching effectively. Visual presentations, individual participation, and interactive methods of learning keep the classroom alive.
- IQAC encourages teachers to attend training Programs, Workshops, Seminars, Conferences related to the ICT use or innovation in teaching learning.
- Four faculty members had completed FDP during this academic year.
- Most of the faculty members use hybrid mode of teaching-learning process i.e Offline/Online due to COVID Pandemic situation.
- The whole world is facing an unexpected crisis due to COVID-19 related Health issues, Lockdown, Unemployment, Job losses, Uncertainty. Managing stress and emotions in personal life is indeed need of the hour. To overcome this situation our college organized a Online One Day Multidisciplinary International e-Conference on 'Life Style and Stress Management'. This e-Conference aims to enable faculty members, non-teaching & participants to recognize cause of stress, become aware of their emotions, and regulate the same.
- IQAC suggested to all the faculty members that, every one should prepare a lecture based on current affairs and research related to his subject and deliver it online on Zoom platform. Accordingly, a series of 17 lectures were presented under IQAC & Staff academy.
